

Stalled Cotton Bill Depends on a 'Trade'

By GORDON BROWN

WASHINGTON (AP)—The fate in the House of long stalled cotton legislation appeared today to be related to a bill that would provide additional funds for the Area Redevelopment Administration.

A trade apparently is in the offing — Southern support for the ARA measure in return for more backing of the cotton bill by Northerners.

Rep. W. R. Poage, D-Tex., a top Democrat on the House Agriculture Committee, said he would not use the term "trade" but conceded that a situation is developing in which the ARA bill would be amended to the extent that some Southerners who voted against the measure last month now could vote for it.

And, Poage said, if the ARA bill passes northern Democrats "might feel more kindly" toward the stymied cotton bill.

Another southern member of the Agriculture Committee who asked that he not be quoted by name said he understood such an agreement is being worked out that would permit House passage of both bills.

He and Poage said there is every reason to believe that the House Rules Committee will clear the cotton bill this week for floor consideration.

The Senate-passed ARA bill has been referred to the House Banking Committee which has taken no action on the measure.

The House defeated its version of the ARA bill June 12 by a five-vote margin. The measure would have authorized the ARA to spend another \$55 million in its program to create jobs in areas of unemployment.

On that vote 60 Southern members, including Chairman Harold D. Cooley, D-N.C., and the next seven ranking Democrats on the Agriculture Committee, voted against the bill.

Subsequently, the Senate passed a somewhat similar measure and sent it to the House.

The cotton bill that the Southerners want passed would, in effect, eliminate an existing two-price system for cotton.

Sees No Harm From Rail Rates

PINE BLUFF, Ark. (AP)—Rep. Oren Harris, D-Ark., said Monday the benefits and opportunities of the Arkansas River Navigation Project would not be removed by a bill before Congress which would let railroads reduce freight rates on bulk commodities.

Col. Gilbert Dorland, a former Army Engineer and now president of a Nashville, Tenn., bridge company, said the benefits of the project would be scrapped by the passage of the bill.

At a meeting of the Arkansas Basin Association in Little Rock on July 9, Dorland said lower rail rates would force barge lines out of business.

Harris believed the common carrier system could be improved to provide more equality of rates and greater opportunities for each mode of transportation to provide better services.

NO HOPE — Negotiators for the railroads, David Swift, Ernest Hallman, J. J. Gaherin, J. E. Wolfe, and F. E. MacRee leave the White House after a meeting with President Kennedy. Chief negotiator Wolfe told newsmen "there is

no hope for a last minute agreement in the rail dispute." President Kennedy will ask Congress for emergency legislation to avoid the strike.

Invited to Pick Up Diamonds

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., placed in the Congressional Record Monday an account of how a Pine Bluff man found a diamond recently at a diamond mine near Murfreesboro.

The senator invited his colleagues to come to Arkansas to hunt gems.

Art A. Rogers of Pine Bluff, Ark., found a 11.92 carat diamond in the Arkansas Diamond Mine. McClellan said the stone was worth about \$8,000.

McClellan said more than 60,000 diamonds have been found in the area around Murfreesboro. Most of the Arkansas diamonds are for industrial uses.

Fatally Hurt in Auto Wreck

PARAGOULD, Ark. (AP)—Johnny Wayne Hout, 19, of Monticello, was killed instantly Sunday when the car in which he was a passenger missed a curve and smashed into a stack of railroad ties.

Missouri authorities said the driver of the car, Jerry Farmer, 21, of Cardwell, Mo., was critically injured in the accident, which occurred one mile south of Red Onion, just across the Arkansas-Missouri border.

Red Onion is 12 miles southeast of Paragould.

'New Math' by 1966, He Says

LITTLE ROCK (AP)—Cecil McDermot, mathematics supervisor for the state Education Department, said Monday that all Arkansas schools are expected to start teaching "new math" by 1966.

He told the Arkansas Association for Supervision and Curriculum Development that the department hoped to adopt a new math curriculum by 1966, when the next math textbooks are approved.

New math actually is old math, but taught in a new way—emphasizing northern city limits of North Little way they do and de-emphasizing drill.

McDermot said some Arkansas schools already are using the new system.

Two Killed and Arkansan Hurt

HOMER, La. (AP)—A car hit a gasoline truck near Homer early Monday, killing two Illinois teenagers. An El Dorado, Ark., man escaped injury.

Killed were Guy Neal Hammons, 19, of Arcola, Ill., driver of the car, and Allen Lynn Mathoney, 19, of Oblong, Ill., a passenger.

Daniel McIntyre of El Dorado, driver of the truck, said he tried desperately to avoid being hit by Hammons' car. He said he swerved to the shoulder on U.S. 79 and jumped from the truck in time to escape being burned by the fire, which started after the impact. Gasoline spilled onto the highway after the collision.

More Trouble in New York Race Strife

By RALEIGH ALLSBROOK

NEW YORK (AP)—Antidiscrimination pickets massed in civil disobedience in the entrances to a Brooklyn hospital construction site today, demanding more jobs for Negroes and Puerto Ricans.

Police arrested 81 more men and women, white and Negro, for refusing to let work trucks pass, increasing the total arrests to near 400.

As the demonstration progressed, leaders of the movement prepared for a City Hall conference with Mayor Robert F. Wagner and representatives of 122 buildings and construction unions met in closed session to discuss the problem.

Targets of similar picketing elsewhere in the city were public housing construction projects in Manhattan and Queens. Sit-in demonstrations continued at the offices of Wagner and Gov. Nelson A. Rockefeller.

Police arrested 22 pickets—including 10 clergymen and a lawyer—at the Rochdale Village apartment project in South Jamaica, Queens.

Civil rights demonstrators were orderly at the Rutgers housing project in Manhattan, where 29 arrests occurred Monday.

Leaders of the two-week-old Brooklyn demonstration had not called for concerted civil disobedience today, in view of the City Hall meeting. But neither did they dissuade any individual who submitted himself to arrest.

Mass arrests, 8th graf 152.

NEW YORK (AP)—Another demonstration—this one sit-down—was planned today at a Brooklyn construction site, scene of a nine-hour protest over hiring discrimination which resulted in police removal of 300 persons Monday.

The Rev. William A. Jones Jr., coordinator of the Committee on Job Opportunities for Brooklyn, said Monday night, "We're not planning any mass arrests for today. Of course, the strategy can change. But at this moment we're not planning any sit-down."

Jones said that five Negro leaders were to meet today with Mayor Robert F. Wagner of New York to emphasize demands for more jobs for Negroes and Puerto Ricans on public construction projects.

Of the several hundred sit-down demonstrators bailed away from the Downtown Medical Center site Monday, 228 were charged with disorderly conduct. They pleaded innocent and were released for a later hearing.

A week ago, 42 persons, including 14 Negro clergymen, were arrested for blocking access to the hospital site. Twenty-seven others were arrested last Friday for a similar reason.

Although riot-trained patrolmen were on hand Monday, no violence broke out between police and the 1,000 demonstrators.

Jones said Negro leaders did not join in the sit-down because it was decided "those in positions of responsibility should remain on the sidelines to direct the movement."

Still, about 25 white and Negro ministers were arrested.

Jones was one of the clergymen arrested at the site last week.

A smaller demonstration at the Rutgers housing project on Manhattan's lower East Side resulted in the arrest of 29 pickets who tried to block construction equipment from moving in. Seven were charged with resisting arrest or interfering with police as they were wrestled into patrol vans.

Nine ministers—six of them white—were among those arrested at the housing project.

Rail Owners, Union Accept JFK's Proposal

WASHINGTON (AP)—Representatives of the nation's railroads announced support today of President Kennedy's proposed legislation aimed at averting a nationwide rail strike.

The 20-member board of directors of the Association of American Railroads voted unanimously in support of both the President's message to Congress and the bill that has been introduced.

The action came as Congress took up the President's emergency plan under which the Interstate Commerce Commission would be given unprecedented authority to pass on the four-year-long dispute over work rules and hold off a strike for at least two years.

At the capitol, congressional action appeared cautiously favorable to the President's proposal announced Monday.

Representatives of the five operating unions still are considering the position they will take on the President's plan.

Democratic congressional leaders, in advance of the railroad executives' action, talked the situation over with Kennedy and reported afterward that the prospects for his plan look good.

WASHINGTON (AP)—Working under the gun, Congress takes up today President Kennedy's emergency plan for settling the railroad featherbedding dispute and averting a nationwide rail strike for at least two years.

Congressional reaction appeared cautiously favorable to his recommendation Monday that the Interstate Commerce Commission be given unprecedented authority to handle the bitter dispute over work rules.

In effect, Kennedy asked Congress to block the railroads from instituting new rules, which would eliminate thousands of jobs, until they have been studied and approved by the ICC.

The rules have been scheduled to go into effect next Monday. The five operating unions have

Industrial Tour Set for Wednesday

The final Industrial Tour for the month will be held on Wednesday morning at 10 o'clock, according to Haskell Jones, Chamber of Commerce president. The tour this week will be at the Shanhouse plant and the Delight Egg Farms Processing plant. A number of people did not get the opportunity to visit the Delight Plant on Poultry Festival Day and they have invited us to come out for a visit this week.

Both plants are preparing for a big turnout so it is hoped that local business men and others who desired will meet us at 10 o'clock at 2nd and Main for this short tour said Mr. Jones.

Tours of the wood working industries will be held in September during Forest Products Month and the State-Wide Industry Appreciation Month. More details will be made public on these tours at that time.

3 Charged in Death of Infant

RUSSELLVILLE, Ark. (AP)—Prosecutor Jeff Mobley said Monday that Pope County Sheriff Otto Brinkman had returned to Russellville with three persons charged in the death of an infant. He said Brinkman was to leave today to pick up a fourth person charged in the death.

John Thomas Potts, 27, his brother, William, 15, and their father, Rhodes, 63, were brought to Russellville Monday from Albuquerque, N.M. All waived extradition.

Mobley said Brinkman would leave today for California to get Jerry Kitty Scheuer, 20, of Santa Ana, mother of the dead infant. She also waived extradition to Arkansas, Mobley said.

Miss Scheuer is charged under an Arkansas law making it a felony not to report the death of an illegitimate child. The others are charged as accessories.

Mobley said the infant—along with another—died at a roadside park near Ozark, 37 miles west of Russellville, about March 18. The group was traveling across Arkansas from California to Kentucky at the time, Mobley said.

Mobley said John Potts, being held in Albuquerque on a robbery charge, admitted being the father of the children, both girls. The prosecutor-quoted John Potts as saying one child died of natural causes, and the other of accident at suffocation.

Authorities said they could not determine cause of death because the bodies were too decomposed. The bodies were discovered in a shallow grave after Miss Scheuer told her mother what had happened. John Potts' wife was not along on the trip, Mobley said.

The three-day meeting ends today.

Apparently Big 3 Completes Work on Test Treaty

By PRESTON GROVER

MOSCOW (AP)—The Soviet Union, Britain and the United States apparently completed work today on a treaty banning nuclear tests in the air, outer space and under water. They may initial it Wednesday.

All the experts walked out of the Spiridonovka Palace in mid-afternoon and were reported to have completed their work on the treaty.

The delegation chiefs—U.S. Undersecretary of State W. Averell Harriman, Lord Hailsham of Britain and Soviet Foreign Minister Andrei A. Gromyko—lingered a while to discuss other matters on which the Russians are seeking action at this time.

These include primarily a non-aggression agreement between the North Atlantic Treaty Organization and the Communist Warsaw Pact powers. There were strong indications that even this hurdle had been surmounted.

By PRESTON GROVER

MOSCOW (AP)—American, British and Soviet negotiators worked overtime Monday trying to remove the barriers in the way of an early signing of a treaty banning most nuclear tests.

Chief of these was understood to be Soviet insistence on the signing of a nonaggression pact between the North Atlantic Treaty Organization and the Communist bloc.

Chief U.S. delegate W. Averell Harriman has no authority from President Kennedy to negotiate on this matter.

Western sources were still worried that Premier Khrushchev might insist on tying the two ideas together in a package deal unacceptable to Britain and the United States.

Otherwise, they said, the three powers ought to be able to complete the treaty by Wednesday or Thursday. Harriman would then take it to Washington where a Senate battle over ratification seems likely.

The day's meeting was the longest—three hours and 50 minutes—since the talks began a week ago. Harriman, Britain's Lord Hailsham and Soviet Foreign Minister Andrei A. Gromyko huddled alone for an hour after their aides left.

A terse communique issued after the session said merely that the three made "further progress" on the test ban treaty and "exchanges of views also continued on other matters of mutual interest."

This was understood to include Khrushchev's suggestion for a nonaggression pact and his idea for international inspections on the ground to prevent surprise attacks.

Washington reports said Kennedy was willing to compromise on the nonaggression pact proposal. This would consist of unilateral pledges not to try to change European boundaries by force. Even this, the report said, would have to be preceded by consultations with other NATO members.

West Germany would be sure to reject any form of pledge which would imply recognition of East Germany and be unhappy about any which would recognize the Oder-Neisse line as the final boundary between Germany and Poland.

Khrushchev last Friday called for a new list of issues to be considered.

These included discussion of the Berlin situation, a limit on defense spending, and a system of inspections for preventing surprise attacks.

Funeral services will be at 2 p. m. Wednesday at Mt. Nebo, near Patmos, with Rev. Wesley Thomason officiating. Burial in Mt. Nebo cemetery under the direction of Smith Funeral Home.

Nikita May Insist on a Package Deal

By PRESTON GROVER

MOSCOW (AP)—The writing of a limited nuclear test ban treaty was virtually complete today, but Western delegates still did not know whether Premier Khrushchev would insist that an East-West nonaggression pact be signed at the same time.

U.S. British and Soviet negotiators worked overtime Monday to prepare the test ban accord for initialing this week. Only a few words reportedly remained to be agreed upon.

Unless Khrushchev insists on a package deal, the three powers should complete the test ban treaty today or Wednesday, Western sources said. The chief U.S. negotiator, W. Averell Harriman, has no authority to negotiate a nonaggression pact.

President Kennedy was reportedly considering an attempt to drum up congressional support for the test ban agreement by sending leading members of Congress to Moscow for the signing.

Exiles Plan Thrusts on Castro

By THEODORE A. EDIGER

MIAMI, Fla. (AP)—New exile thrusts against Fidel Castro appeared in the making today as invasion veterans and commandos prepared to move to Central American bases.

The development came as the U.S. government remained adamant in its stand barring assaults from American territory.

Dr. Manuel Artime was reported in Nicaragua, jumping-off place for the disastrous 1961 Cuba invasion which he led. He was reported conferring with Nicaraguan President Luis Somoza, both outspoken foes of Fidel Castro.

Artime, secretary general of Revolutionary Recovery Movement, one of the largest anti-Castro groups here, said before his Miami departure, "We are leaving the United States to establish a base in Central America."

"In much less than one year we'll be fighting inside Cuba," added the 34-year-old physician-revolutionary who once fought the Fulgencio Batista regime alongside Castro.

Currently training with the U.S. Army in Ft. Benning, Ga., and expected back in Miami soon are Jose and Roberto San Roman and Emelido Oliva, military commanders of the Bay of Pigs invasion. There are persistent reports among exile leaders that they will join the Artime movement.

said they will strike the minute they do.

Republican leader Everett M. Dirksen helped put the President's recommendations on the track by joining with Democratic leader Mike Mansfield in sponsoring the legislation in the Senate.

Saying "I do not expect a lot of trouble from this," Dirksen urged swift action, although he added the measure might have to undergo some changes.

Kennedy, too, underscored the need for quick action.

"This dispute," he said, "has reached the point where only prompt and effective congressional action can assure that serious injury to the public will be prevented."

Congressional leaders, nevertheless, were unwilling to predict the legislation would be passed before the Monday midnight deadline.

The railroads have agreed to hold off on the new rules until then. The five operating unions have agreed not to strike before then.

Neither the unions nor the carriers have commented on Kennedy's proposals.

The Senate Commerce Committee — already entangled with another piece of crisis legislation, the President's civil rights program — will be the first to take up the railroad measure.

It planned to hold a morning hearing on the public accommodations measure of the civil rights program, then in the afternoon hear Secretary of Labor W. Willard Wirtz as the first witnesses for the rail emergency bill.

The House Commerce Committee plans to start taking testimony Wednesday on the railroad measure.

The unpolished ban on nuclear tests in the atmosphere, in space and under water must win Senate approval by at least a two-thirds majority if it is to become binding on the United States.

White House press secretary Pierre Salinger declined comment on the reported plan to send a congressional delegation to Moscow. But Sen. Bourke Hickenlooper of Iowa, ranking Republican on the Senate Foreign Relations Committee, said he heard of the plan some time ago. He said he didn't think the trip was necessary.

Harriman, Britain's Lord Hallsham, and Soviet Foreign Minister Andrei A. Gromyko met alone for an extra hour Monday, making their session the longest since negotiations began here July 15.

It was understood they discussed Khrushchev's proposals for a nonaggression pact between the NATO Allies and East European Communist States and for international inspections on the ground to guard against surprise attacks.

A communique said only that "further progress" was made on the test ban treaty and "exchanges of views also continued on other matters of mutual interest."

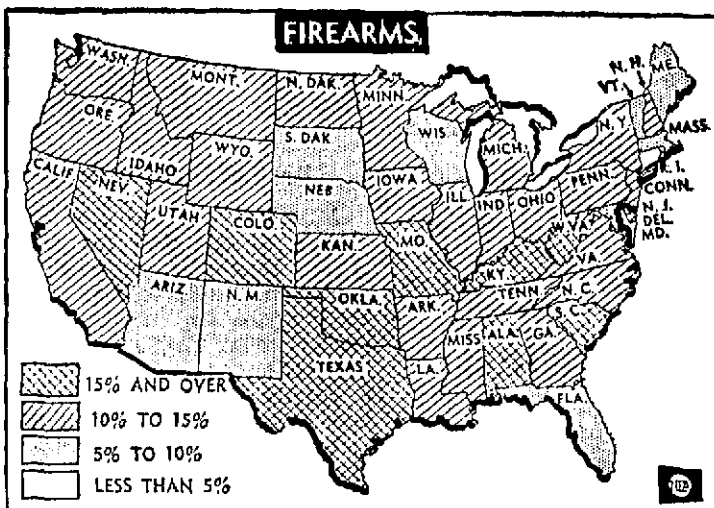

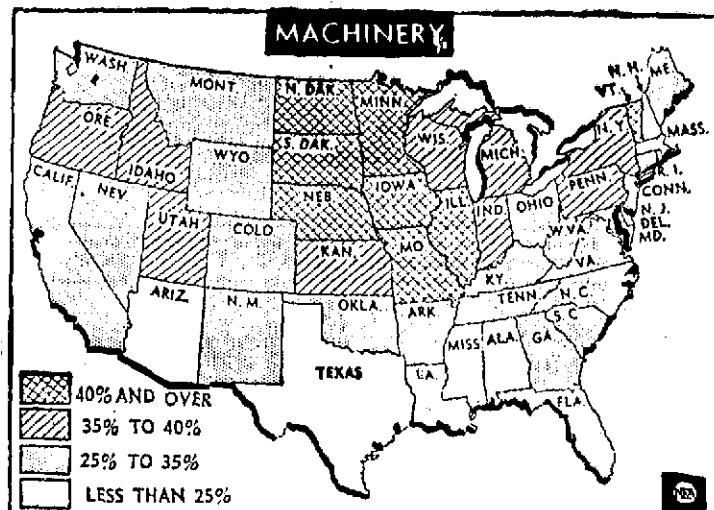

Periodically for three weeks Khrushchev has linked the nonaggression pact to the test ban treaty, but never in terms of an ironbound package deal.

Would Integrate Race Tracks

Admits Love Affair With Fairbanks

By HAL COOPER

LONDON (AP)—Marilyn (Mandy) Rice-Davies, 18, testified as a vice trial witness today that former actor Douglas Fairbanks Jr. and Viscount Astor had been among her lovers.

But the blonde call girl declared the man on trial, Dr. Stephen T. Ward, never got any money out of it.

Ward, 50, a society osteopath and artist, is charged with living on the immoral earnings of a stable of prostitutes.

"I hope he is acquitted," Mandy said.

Asked why she brought in the name of Fairbanks, she responded: "Because I do not like him."

Fairbanks, 53, is the son of the late silent film star. He himself made 75 movies and is a close friend of the British royal family.

Once a motion picture producer, Fairbanks now is the director or officer of 17 corporations dealing with affairs ranging from tools to hotels.

Fairbanks is married and the father of three daughters. His wife is the former Mary Lee Epling of Bluefield, W.Va.

Mandy took the stand on the second day of Ward's trial, marked Monday by the testimony of Christine Keeler.

Earlier in the Old Bailey Court, two young women testified that Ward seduced them in the weekend cottage he rented on Lord Astor's Cliveden estate. There was no suggestion, however, that he turned them to prostitution.

Mandy testified that Ward introduced her to Lord Astor, 53, son of the Virginia-born Nancy Lady Astor, and that Astor paid the rent on an apartment she shared with Christine from early January 1961 until March 28, 1961. But she said she did not have sexual intercourse with him until two years later.

"Were there intercourses with any other man or men at this flat?" prosecutor Mervyn Griffith-Jones asked?

"Peter Rachman," Mandy replied, referring to a property racketeer who died last year.

"With anybody else?"

"Douglas Fairbanks."

"Anyone else?"

"Were you paid by anyone?"

"No, except Peter Rachman. He kept me. I had a weekly allowance."

Fairbanks is the son of the late silent film star and himself a former Hollywood actor. He makes films for television, has lived in England for many years and is a close friend of the royal family.

Ward, 50, son of an Anglican clergyman, pleaded innocent Monday to five charges of living off the earnings of prostitution and procuring girls for other men.

Monday night Mandy was a star attraction at a packed preview of 145 portraits Ward painted in his sideline of magazine artist.

Prices ranged from 35 to 500 guineas (£102.90 to £1,470).

Ward was on hand with his new girl friend, Julia Gulliver, 22. Miss Gulliver does not figure in his trial.

Griffith-Jones charged Monday that Mandy became Ward's mistress at the cottage he rented on Lord Astor's estate at Cliveden.

Later, said the prosecutor, she used Ward's apartment in London to entertain men for money and Ward pocketed part of the proceeds.

FAREWELL APPEARANCE

By GRACE CESARIO

This was the last day on the job. The little piano tuner with the shiny bald head and pink face patted the grand piano affectionately.

"Well, old girl," he murmured, "this is the last time I'll be doctoring you. At 4 o'clock I'm a free man; pensioned after 35 years with this concert hall."

He peered over his shoulder then, into the auditorium. Had anyone heard? Beyond the edge of the stage the chairs, their seats tucked neatly against their backs, huddled like brown hens roosting in the dark. Gloomy black shadows festooned the far corners of the great hall. He was alone.

The tuner was heavy with memory this morning. Patrons of years gone by . . . ladies with diamond stars in their hair and sleek furms clutched at the breast, arriving at the entrance in gleaming limousines with their men whose solemnity was bolstered by the status of tie and tails. But most of all—and best of all—the artists. Paderewski, Kreisler, Gigli and all the others—the truly great ones who had acknowledged from this very spot the thunder rolling in great waves to the ornate arches that bowed overhead.

The program for the evening's concert lay on the piano, and the tuner picked it up. His pink face grew crimson and he scowled as he read the name of the artist—Federico Smania. Italy's most noted pianist, the billing read. Acclaimed the world over as an artist without equal.

Well, that was true, the old man thought. There was no one who could match Smania when it came to temper.

The tuner recalled the last concert this man had given at Corinthian Hall. The old man had worked painstakingly on the piano; still Smania insisted that his personal crew give it a final

checkup before the concert. The old man remembered how he protested their use of cloth on the strings. He was careful to use only the best chamois, to avoid deposits of lint or thread.

He sounded the A now and listened to the fork, then reached into the piano with his wrench, remembering Smania's impromptu performance backstage after the last concert.

"Who's responsible for these pi ano?" he had bellowed, and the veins in his temples throbbled with the intensity of his anger.

The little piano tuner stepped forward.

"Oxi!" Smania screamed. "Half-a way through the sonata, the A-sharp, she's-a get stuck. Stuck! You hear me?"

"I warned your men . . ." the tuner began, but Smania was pacing the floor screeching his enjoyment of the little man's embarrassment.

The tuner offered no further protest. Instead he stood with his head high until the torrent of invectives—some in English, most in Italian, but all thoroughly understandable—ceased. Then he turned without a word and shuffled out of the building.

Next morning the concert master called him.

"Sorry about last night," he said. "That Smania's a devil. But he draws a good house and we always make a profit when he comes. I just want you to know that I realize you weren't at fault. Smania knows it, too; this morning he fired his crew."

So Smania was coming back that night. The tuner applied himself to his task with great diligence.

Silks rustled and the hum of subdued voices subsided as the artist strode center stage and acknowledged with a curt bow the tinkle of applause that greeted him. Then the house lights dimmed and Smania seated himself with great ceremony, flicking his coat behind with the contempt of a lion as he flips his tail at the crowd gaping from the plebeian side of the bars. He adjusted his cuffs; he wrung his hands; he carressed his neck like a peacock. The he poised his sinuous fingers over the keyboard and held them there, entranced by the thrill of anticipation emanating from the audience. Then the hands descended with a mighty crash of three chords, fortissimo—the opening of Rachmaninoff's Prelude in C-Sharp Minor.

A gasp wrenched itself from the people.

Smania's face was scarlet. He started again. Bang — Bang — blump.

Smania rose, whipped around, and stalked, stiff-backed, off stage. His face was ashen now.

The house lights rose and heads bent together as a spear of shock shot from patron to patron.

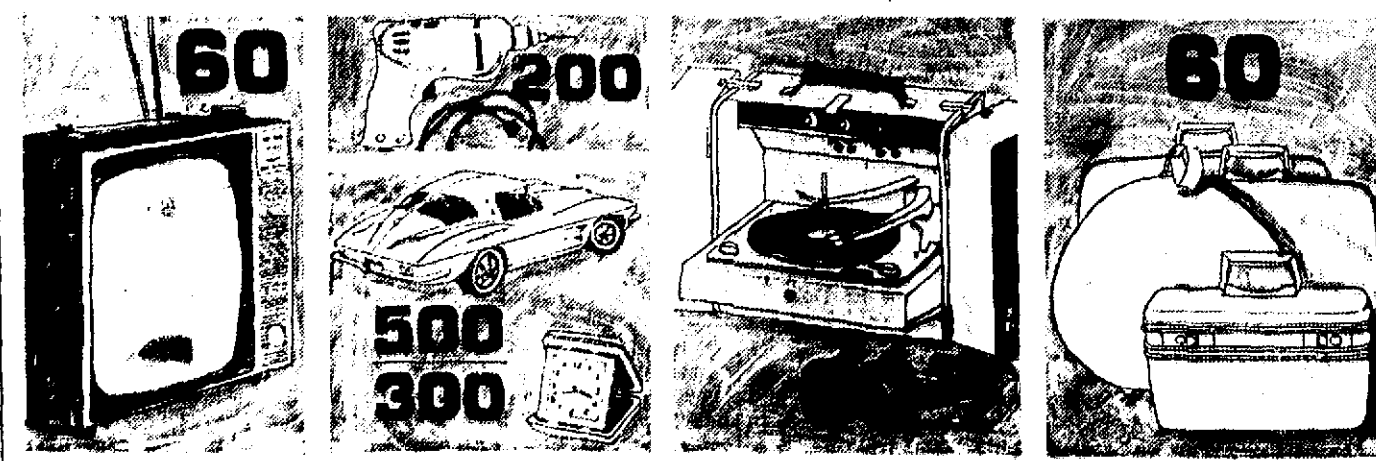

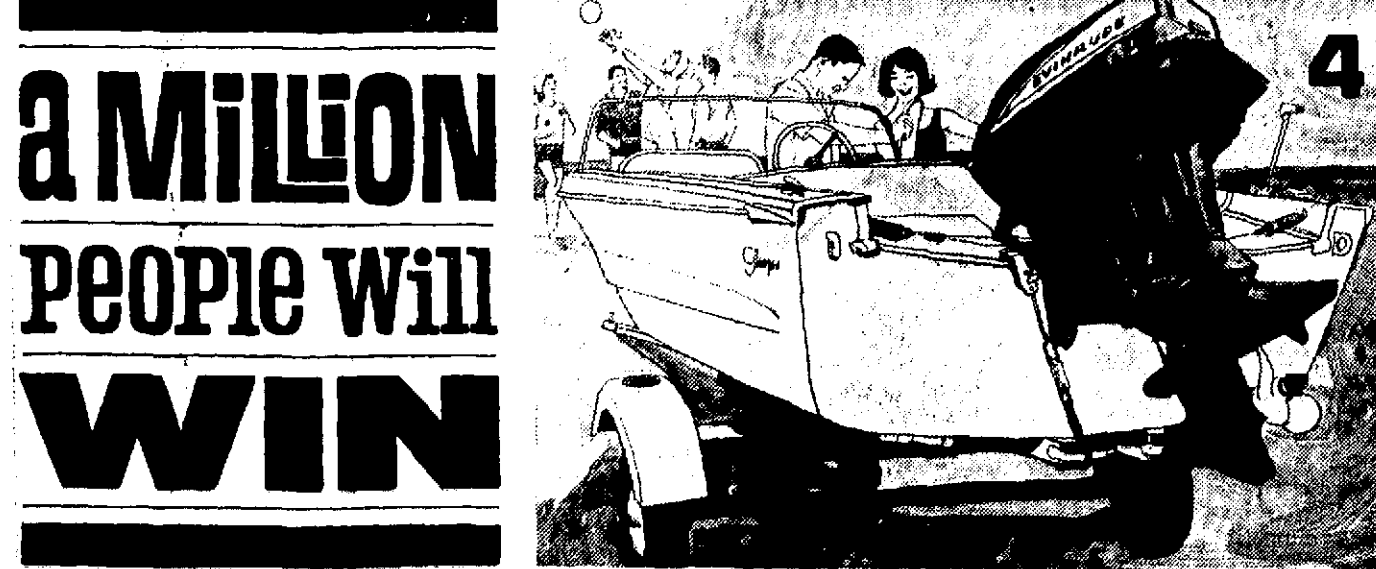

But it didn't touch the small, bald-headed, pink-faced man who occupied the last seat in the last row of the topmost balcony. He folded his pudgy hands across his round belly and smiled.

It had been quite a chore to tune every C-sharp to a C-natural. But it was worth the effort.

Miss Mary Virginia Bowden Bride-Elect Honored

Miss Mary Virginia Bowden, bride-elect of Don Kidd of Murfreesboro, was honored with a reception Thursday evening, July 18, by Mrs. Roy Mouser, Mrs. Teddy Jones, Mrs. Frances Sue Sommerville, Mrs. Hubert Thrash, and Mrs. M. S. Bates in the patio of the Bates home. The natural beauty of the garden setting was enhanced with a fountain holding water lilies surrounded by a bank of greenery at the entrance. A mass arrangement of white hydrangeas was placed on the fireplace apron, and roses were used at other vantage points. The guests were welcomed by Mrs. Henry Haynes and presented to the receiving and present-cluded Mrs. J. T. Bowden, her daughter, Miss Bowden, Mrs. Howard Kidd of Murfreesboro, and Mrs. Lester Stuart of Nashville, mother and aunt of the bride-groom elect.

Yellow eclipse roses decorated the table where Miss Jo Ann Turnage invited the guests to sign the bride's book. The refreshment table, covered with a ruffled green cloth, was centered with an arrangement of Spartan roses and matching twisted tapers. Dainty cookies, nuts, mints and fruit and fruit punch were served from crystal appointments.

CHATTER

By "BILL"

It is human nature to want what you do not have. Country people work and save so they can go to the city. City people can think of nothing nicer than to casually mention their "country place." It is all in your point of view.

Designers, who are always looking for the happy medium and wanting to please the most, have come up with the 'Sportive' look. A nonchalant fashion with a rural look to be worn in a city setting.

This new town image will be comfortable and casual but a far cry from the slim-jin plaid shirt, car-coat, scarf over the head and tied-under-the-chin effect. If you take a tramp thru the woods in these costumes, you can bet he will be impressed!

The short coats are completely Sportive but Urban... rich, fleecy, ribby textures. A rugged, lively look with comfort and youthful elegance. Suede and leather trimming will be colorful and subtly blended with fabrics. If you aren't the plaid type, don't worry, there will be a wonderful selection of solid colors and they will be as bright and gay as the Autumn leaves.

Shoulders will be a bit wider, skirts will not be quite as narrow there will be room for movement down around the hemline. And speaking of hemlines, they will be a fraction longer. Waistlines are still wandering, many dresses will be worn with or without the tie belt and can be placed anywhere you like. Every woman, young or past-young, will want a pleated skirt... why?... simply because they are so feminine looking.

Wide-wale corduroys, mohair, double knits and dark cottons will usher in the first fall costumes. Want a sneak preview? We are starting to show, the time is NOW, the place... **Raley's Style Shoppe**... 523 West 3rd.

Duke-Betterton Vows Exchanged

Mr. and Mrs. R. D. Betterton of South Gate, Calif., announce the marriage of their daughter, Merri Dayle, to Joe Duke, son of Mr. and Mrs. Harold Duke of Hope, on July 18 at the Providence Missionary Baptist Church.

Elder Kenneth Bobo officiated at the double-ring ceremony before an altar marked with white gladioli. Nuptial music was furnished by Mrs. J. C. Bobo, pianist.

The bride was given in marriage by Harold Duke. She wore a two-piece, white linen dress with matching lace hat. A pearl necklace was her only jewelry. She carried a white Bible, gift of her grandmother. White carnations were her flowers.

Miss Peggy Duke, sister of the bridegroom, was the maid of honor. She wore yellow satin and silk organza. A white carnation corsage was pinned to the shoulder of her street-length dress.

Ray Duke served his cousin as best man.

For the wedding Mrs. Harold Duke, mother of the bridegroom, wore a blue lace dress with matching accessories and had a white carnation corsage.

A reception followed in the home of the groom's parents, 1501 South Pine. Summer garden flowers were used as decoration. Cake and punch were served by Mrs. Gerald Duke of South Gate, Calif., and Miss Pat Rogers.

Other out-of-town guests were Charles Thornton of South Gate, and Mr. and Mrs. D. C. Galloway of Monroe, La.

The bride is a graduate of South Gate High School, and the bridegroom was graduated from Hope High School. They will make their home in South Gate, where the bridegroom is employed at Containers Supply.

Picnic Lunch At Clyde Osborn Home

Mrs. Otto Gene Gammill, Jr.

Miss Anna Kathryn Whitman, daughter of Mr. and Mrs. Edward Justus Whitman of Hope, became the bride of Otto Gene Gammill, Jr., son of Mr. and Mrs. Otto Gene Gammill of El Dorado, in a ceremony solemnized in the First Methodist Church at four o'clock Sunday afternoon, July 21.

A cathedral tiered candelabra with pedestal baskets of white daisies and gladioli flanked the altar with spiral candelabra beside each arrangement. A garland of English ivy was on the chancel rail, and the pews were marked with ivy, daisies, and satin bows.

The Rev. L. Raymond Franks pastor, officiated at the double-ring service.

Prior to the ceremony, Luther Holloman, organist, presented a program of nuptial music. He also accompanied Mrs. John Tabor of Little Rock, who sang "O Perfect Love" and Franz Liszt's "The Love That Linketh Soul to Soul." As the couple knelt for the nuptial blessing, she sang "The Lord's Prayer."

Candlelighters were Miss Ginny Barrett and Miss Becky Barrett of Albany, Ga., cousins of the bride. Miss Susan Gammill, sister of the groom, served as flower girl.

The bride, given in marriage by her father, was dressed in a formal sheath of white organza. This oval neckline was traced with re-embroidered Alencon lace petals and a cummerbund of lace was accented with self fabric roses. The skirt swept into a full, chapel-length train. An oval pill box of lace and pearls held her bouffant veil of silk illusion. She carried a Juliet bouquet of white stephanotis outlined with pearl leaves.

Miss Edwina Whitman, sister of the bride, was the maid of honor. Bridesmaids were Miss Sydney Cooke of Baton Rouge, La., and Miss Evelyn Munson of Zachary, La. The attendants were dressed in waltz-length originals of white silk organza with fitted bodices. Each bell-shaped skirt was enhanced with a large bow in back. Their bouquets were similar in design with daisy pom-poms and ivy.

Otto Gene Gammill served his son as best man. Ushers were John Gammill, brother of the groom, Al Silliman both of El Dorado, John Rivers of Monroe, La., Bill Howse of Dallas, and Andrew Norris of Lake Village, cousin of the bride.

For her daughter's wedding Mrs. Whitman chose a sheath of pink silk organza and lace, enriched with seed pearls, and a matching hat. Pinned at her shoulder was a corsage of fleur d'amour. The bridegroom's mother wore a corsage of fleur d'amour. The bridegroom's mother wore an aqua silk linen costume suit with a shirred chiffon blouse and a matching hat. Pinned at her shoulder was a corsage of fleur d'amour.

Mrs. Lloyd Spencer greeted the

Among these attending the Miss Arkansas pageant at Hot Springs Saturday were Mr. and Mrs. Guy Grigg, Miss Jane Grigg and Miss Tena Louise Pilkinton all of Hope.

Mr. and Mrs. Jimmy Peyton and daughter, Charlotte, of Richmond, Calif., are here visiting Mr. and Mrs. J. L. Peyton and Mr. and Mrs. Bud Clark and other relatives and friends.

Gary Crosby Serves Day as Bellhop

By JAMES BACON

HOLLYWOOD (AP)—Some of the guests did a double take. Some, like Rosalind Russell, knew. Most did not.

What they did not know was that Gary Crosby, Bing's eldest, worked a full day as a hotel bellhop the other day.

He did it partly for publicity, admittedly. But Gary vows there was a deeper reason.

"It's the new Gary Crosby," he says. "Next season on the new Bill Dana Show, I play a bellhop. I thought there's no better way to prepare than work at it for at least a day."

Gary muffed his first opportunity. As he stood in the lobby, a woman asked directions to the ladies' room.

Gary stood on one foot and then the other and then said: "Sorry lady, I'm new here."

"I couldn't help it," he explained. "I always thought I took after dad in ad libbing but what kind of a joke can you come up with in a spot like that?"

Gary lugged bags, walked pets, opened car doors but mostly he carried ice.

"Man, I think the world is drinking itself to death," he moaned.

Gary, who had his troubles growing up, is now rated the most settled of the Crosby boys.

Gary says his wild days are behind him.

"I've got a wonderful wife. She's done wonders for me. I've got a lot to be thankful for."

heavy, wind-whipped rain.

The thunderstorm activity was expected to continue in the east this afternoon and tonight, diminishing into widely scattered showers over the state Wednesday. Occasional showers were expected to linger on Thursday.

Thunderstorms, high wind and hail rumbled in from the northwestern Monday, killing one man, seriously injuring another and causing widespread but mostly minor damage.

More than two inches of rain was reported at Glenwood and Boughton, southwest of Little Rock, during the 24-hour period ending at 6 a.m. Over an inch was recorded at Mammoth Spring, Gravelly, Mount Ida, Daisy, Langley and Evening Shade.

Overnight low temperatures ranged from the low 60s to the high 70s, but generally were in the high 60s to mid 70s.

High temperatures Monday afternoon included 102 degrees at Mena, the hottest point in the state, 101 at Fort Smith, Ozark and Camden, and 100 at Morrilton. Blytheville was low with an 85. Highs generally were in the 90s.

More hot weather was predicted for western Arkansas this afternoon, but increased moisture was expected to dull the edge of high temperatures.

Highs of 85 east to 100 west were predicted for this afternoon. Lows tonight were expected to range 65-75 and highs of 85-95 were predicted for Wednesday.

Monday's thunderstorms moved in from the northwest at 50 miles per hour.

Wallace Ellis Richardson, 25, of Blytheville a trusty at Tucker Prison Farm, was killed when struck by lightning while helping guard 150 men on a work detail.

He was about 100 yards from the men, who were not injured.

Dr. J. W. Stephens of Pine Bluff was struck by a falling tree limb and hospitalized at Pine Bluff in critical condition. His condition was reported unchanged early today.

Winds were clocked at 64 miles per hour at Harrison and 63 miles through eastern Arkansas this morning, drenching the area with

DOROTHY DIX

GOD, MAN AND DIVORCE

By HELEN WORDEN ERSKINE

Dear Helen: It is a great tragedy that we live in a world, and particularly in a nation, where God's will means so little. Although the broken lives and homes caused by divorce are evident to any thinking person, the victims of the cruelty of divorce are in the millions in our country. Few realize that by making divorce illegal, as it is in Italy, Elre and other nations, or making it very difficult, by creating national divorce laws, these evils could be to some extent solved.

Divorce never solves anything except in those instances there is no real marriage. It would be of tremendous help if those in positions of influence like yourself, would advise according to God's wisdom. There is no wisdom that does not come from Him. —Mrs. Edith Maher, Branford, Conn.

Dear Mrs. Maher: I agree with you that God's wisdom is irrefutable and infallible. Man, alas, is fallible.

I don't believe that outlawing divorce would be a solution to the problem. The fact that there are more than 15 different grounds for divorce among the various states reveals that the law recognizes man's fallibility.

Divorce undoubtedly causes suffering, but so does a loveless marriage in a home filled with bickering and hostility. Divorce legislation could certainly be improved, also the marriage laws.

I would like to see uniform divorce and marriage laws govern all 50 states. The wide variation among the different states has promoted all kinds of abuses and dishonesty.

Man being imperfect, I don't think we shall ever be able to wipe out divorce entirely. But we can take a realistic step toward decreasing the rate by making our marriage laws uniform and more stringent.

Just as Prohibition did not succeed in eliminating the abuses of alcohol, the divorce problem is not likely to be solved by a statute. Only the unremitting effort to bring men and women closer to God can hope to cure the ills of the world.

Dear Helen: I'm a 14-year-old

many areas. Some 300 electric customers were without power for about two hours. Arkansas Power & Light Co. reported that most of its trouble calls were in the Little Rock, Jacksonville and Scott areas.

being treated as a 4-year-old. My parents go into a tizzy if a boy speaks to me. They won't even let me get my hair cut. I have to wear it in long braids that hang below my waist. Other girls my age are allowed to go to parties but not me. Help! —L. D.

Dear L. D.: Go to your public library, take out a book titled, "Youth—The Years from Ten to Sixteen," by Gesell, Hg, and Ames, and ask your parents to read the profile of the typical 14-year-old. They are not aware of the natural characteristics of your age. Send a stamped, self-addressed envelope for my leaflet, "Cautious Parents."

Dear Helen: Would you say it was wrong in the sight of God for women to wear shorts privately? Or put on make-up? And cut their hair? I believe in doing nothing you would not want to be doing when Christ comes. —Advice-Needer

Dear Advice-Needer: My answer is a loud NO!

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Railway Strike Major Issue
WASHINGTON (AP) - If Congress decides that something must be done in a hurry this week to head off a railroad strike, there won't be any other major business to divert its attention.

As has been the case for the past several weeks, there is little of consequence on the agenda of either the Senate or the House. However, committees in each branch will keep plugging away on such major matters as civil rights, taxation and foreign aid, all of which are expected for final

School Bonds Asked
LITTLE ROCK (AP) - Eugene Warren, attorney for the Little Rock Classroom Teachers Association, said Saturday letters had been sent to Little Rock School Board members asking a hearing on a proposed \$4.2 million school construction plan. Warren said the teachers had been told their salaries would receive priority by the board.

The House program for this week lists such matters as District of Columbia legislation, service academy appointments, air pollution and arrangements for office space for presidents-elect.

The Senate has three bills on its agenda. They deal with the location of embassies in residential areas, commercial fishery research and transmission of power from the Falcon Dam on the Rio Grande River.

Mafia, Killer Gang, Chased by Police

By BENNETT M. BOLTON

ROME (AP)—A grieving Sicilian woman whose family was wiped out by Mafia vengeance finally said "basta"—enough. Because she did, 29 "Mafiosi" (Mafia members) are now accused in 9 of 600 murders blamed on the Mafia since 1945. The shotgun blasts that killed Rosa Messina's husband and five sons ripped away the fear that had long stilled her tongue.

For the first time in a century and a half cracks are beginning to open in the solid wall of silence that has shielded the dread Mafia secret society from the law.

The Messina case is typical of many pressures that may eventually spell the doom of Sicily's so-called "Honorable Society."

Word is out in the rugged hill country around Palermo in Sicily's northwest coast that the "gaddu Caurisi" (Cairo roosters) have begun one of the biggest "cuvuri" (nestings) of all time. This is Mafia underworld lingo meaning that police patrols have taken to the bush in one of the most determined anti-Mafia drives ever.

Why is there so much expectation that this time the Mafia may be shaken to the ground, when thousands of Benito Mussolini's troops could do nothing in a similar campaign almost 40 years ago?

Part of the answer is to be found in the slaughter of seven policemen, blown to pieces June 30 in a booby-trapped car. They were investigating a similar time-bomb blast that killed two workmen the day before in a Palermo suburb.

But the broader answer is seen in changing attitudes of the crowded island at Italy's tip, where Palermo is the Mafia's headquarters.

The Sicilians are beginning to see the world outside. Television and the new prosperity on the Italian mainland are showing them it is possible for people to live peaceful, private lives without being forever tied to a web of fear, extortion and murder.

For years the people of Sicily, under the long tradition of Mafia intrigue, accepted their lot as a state of necessity—cooperate with the Mafia and live, or cross the Mafia and die.

But the current revulsion has trickled down to the sicilian peasant. At last people like Mrs. Messina are willing to break the code of "omerta" (silence or death) and name names.

The Mafia was born of desperate need on Sicily. The Mediterranean island has known at least 16 conquerors in 2,000 years. The secret society was the Sicilians' warlord-rulers.

The Mafia took care of its own and visited death upon rapacious outsiders. But the violent nature of the Mafia's activities led to extortion, blackmail, ransom, and murder through vendetta—the vengeance killing that cuts down any or all in the family of an offender.

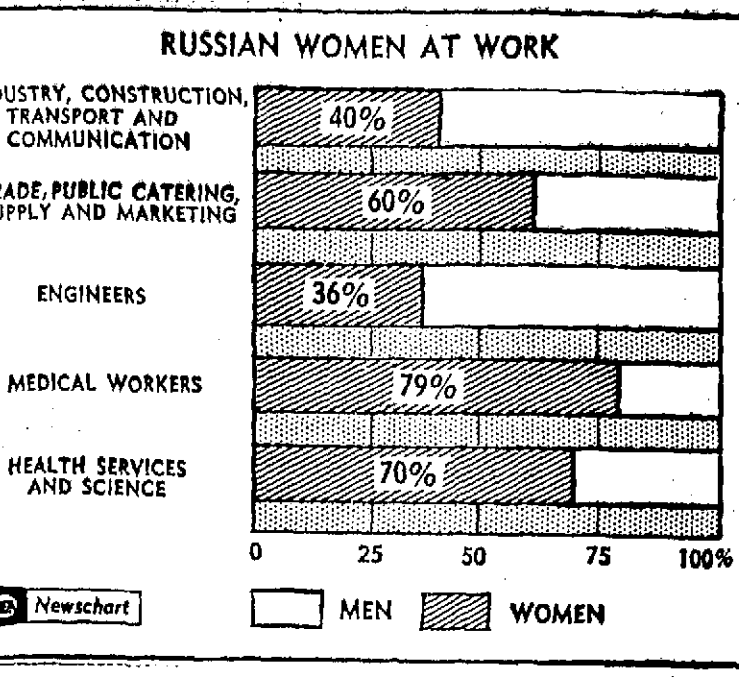

For generations the Sicilian looked to the Mafia as his hope for the future. It was the "honorable Society" and for many it will always be. No one opens a bar or a shoe store around Palermo without permission. No farmer's acreage prospers unless the Mafia gives its okay. For the entrepreneur that means "wetting the beak"—paying his secret taxes to the Mafia.

Col. Hinkle Talks at Warren
WARREN, Ark. (AP)—Col. Carl C. Hinkle, commander of the Little Rock Air Force Base and reported to be the new director of the Arkansas Industrial Development Commission, met with AIDC members and businessmen at Warren over the weekend.

Hinkle told the group that success in industrial development depended more on the actions of individual communities than by the AIDC.

About 50 persons attended the meeting, which was called by Benny Ryburn of Monticello, an AIDC board member.

Machines Use Code to Talk to Each Other

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—A new alphabetical and numerical language has been hammered out so all makes of electronic computers and data processing machines can talk to each other.

The new tongue is the product of some \$3 million worth of man hours over four years. It was sponsored by the 29-member industry and the American Standards Association.

Some equipment is using the new code. Other machines are being adapted to it.

The standard code provides 128 possible characters on seven rows of paper tape. In many instances it will have various codes of 32 different symbols punched out in five rows on paper tape. Many variations of the expanded and standardized code to fit special uses are possible.

Widespread acceptance by spring is predicted by the electronic industry. Government industries are particularly affected.

Multiplant corporations are expected to adopt the code, along with the many users of computer centers where data from various remote points and different makes of machines are interchanged after translation.

By making interchange automatic, an eventual savings to industry and government agencies of many times the initial cost of compiling the code is predicted by the association.

But some of the equipment makers see the newly adopted American Standard Code for Information Interchange as just the first step in the right direction.

Officials of International Business Machines explain: "With the new code as a foundation, it becomes possible to achieve eventual standardization of the specifications and formats of each of the media—perforated tape, magnetic tape, punched cards and data transmissions—used for data interchange and communication."

The Standards Association explains that under practices used until now, it is frequently necessary to translate from one code to another, from different methods used by diverse machines. Translation can be done by programming or by fairly expensive equipment.

Sees Passage of Accomodation Bill
LITTLE ROCK (AP) - Atty. Gen. Bruce Bennett predicted today that Congress would pass a "watered down" version of President Kennedy's proposed public accommodations bill.

The bill has drawn the strongest opposition of all those in a civil rights package offered by the President. It would require places of business engaging in interstate commerce to open their doors to

Leaves Nearly \$1 Million to Ouachita
ARKADELPHIA, Ark. (AP) - Mrs. Jane Flippin Perrin, formerly Jane Conger Flippin, has left what will eventually amount to almost \$1 million to Ouachita Baptist College in memory of her late uncle, who founded the school.

The bequest included an immediate sum of \$800,000, with an additional \$150,000 to come when a trust fund is terminated.

It was in memory of Dr. J. W. Conger, her late uncle who founded the school 77 years ago. It was the largest bequest in the school's history.

Bennett said he based his prediction on conversations with other attorneys general at a conference in Seattle, Wash., earlier this month and on what he learned while in Washington last Tuesday.

Bennett was in Washington to testify before the Senate Commerce Committee, which is studying the public accommodations bill.

Bennett said attorneys general he talked with in Seattle voiced doubts of the constitutionality of changing the integration requirement onto the interstate commerce law.

Incredible Is Description of Yankees

By JOE REICHLER
Associated Press Sports Writer

As Los Angeles leadoff batter Albie Pearson stepped into the batter's box to face New York right-hander Ralph Terry Monday night, the Yankee Stadium message board flashed:

"Tresh back tonight. Mantle, Maris back soon."

Manager Bill Rigney of the Angels looked up from the steps of the visiting dugout and snorted: "Yeah, they've really missed 'em. Like a sixth finger."

Incredible is the best way to describe the Yankees' performance with Mickey Mantle and Roger Maris, their two biggest guns, on the sidelines. With baseball's best outfield—the M and M boys and Tom Tresh—totally incapacitated, the Yankees pulled away to a seven-game lead to make a runaway of the American League pennant race.

Baseball's nearest thing to a monopoly widened its first-place margin to 7½ games over second-place Chicago with an 8-4 triumph over the Angels in the only big league game played Monday.

Ralph Terry was tagged for a dozen hits but managed to hold the Angels at bay in all but two innings and was rewarded with his 10th victory to equal his season's losses.

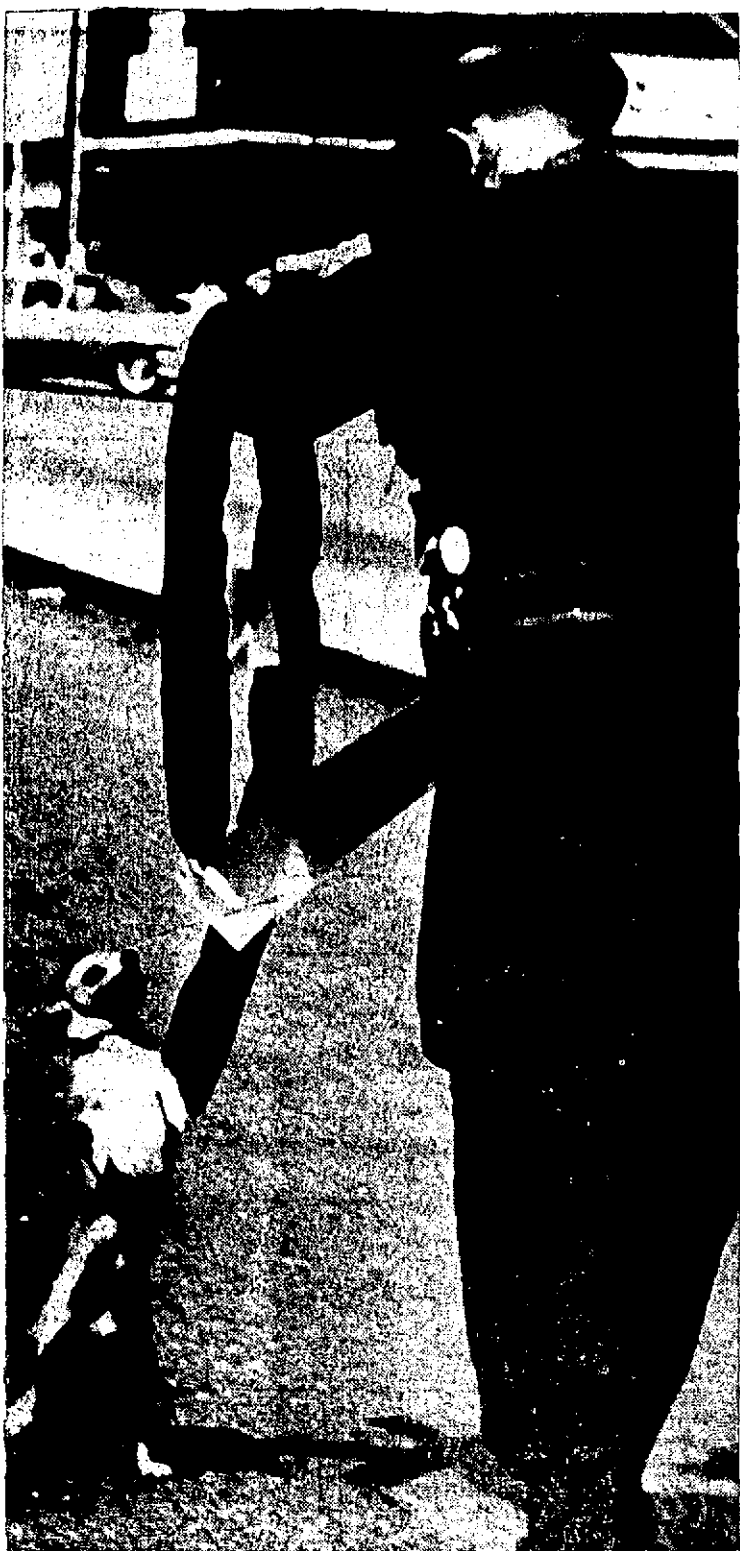

Tresh, back in action after missing several games because of a neck injury, celebrated with a home run and single in three official times at bat, driving in the first three Yankee runs.

It was the Yankees' fourth straight victory since they returned to Yankee Stadium Saturday. They have a fantastic home record of 32 victories against nine defeats. On the road they've won 27 and lost 25.

Considering the Yankees have 41 games left at home to only 30 on the road, the opposition's hopes of overtaking the flying Bombers is all but hopeless.

With Mantle and Maris back any day the Yankees might equal or surpass their own home record of 65-16 in 1961. Since June 5, the day Mantle suffered a broken left foot, the Yankees have won 32 and lost 16 for a .667 percentage. Since Maris joined Mickey on the sidelines July 6, the Yankees won 10 and lost 4 for .714.

Patterson Is Annihilated by Liston

By BOB MYERS
Associated Press Sports Writer

LAS VEGAS, Nev. (AP)—Sonny (The Big Bear) Liston annihilated Floyd Patterson for the second time in one explosive round Monday night and cleared the way for a big money title fight with gobby Cassius Clay in September.

This giant of a man, at 215½ pounds 21 pounds heavier than the ex-champion, bombed Patterson to the deck three times en route to the knockout in 2 minutes, 10 seconds.

Sonny, 30, missed the course record over Floyd, 28, by four seconds—2 minutes, 6 seconds at Chicago last September.

To the surprise of many, Patterson announced after the fight that he will not retire, that he wants to fight himself back into the title picture—and meet Liston a third time.

A crowd of 7,816 paid \$226,180 to see the fast finish in the Convention Center, plus a nationwide audience viewing it through closed circuit.

Liston got the boos when he entered the ring, Patterson the cheers as the sympathetic underdog. Which prompted Sonny in his post fight remarks to say: "The public is not with me, I know, but they'll have to swing along until somebody comes to beat me."

Floyd said: "Yes, I feel that I disgraced myself. But I think I can do better and I hope to fight my way back and prove it."

Liston, pacing a step back and a step forward—even paced his way through the Star-Spangled Banner—was a picture of pent-up fury just before the bell.

The end was soon in sight. Sonny landed a straight jab, Patterson a mild left and then Floyd connected with the first of the only two good punches he landed, a left to the jaw.

Completely undrugged, Sonny closed with a flurry to the head and body and Patterson was dumped to the canvas. He staggered up at the count of two but took the mandatory 8-count.

There was a short clinch and Patterson brought a cheer from his supporters when he hit Sonny with a right to the jaw.

Sonny didn't blink an eye, and presently Floyd was down again. He was up at four, again getting the benefit of the 8-count.

Then came the finish as Sonny closed in with punches again to the body, and a right and a left hook to the chin.

Floyd was flipped over flat on his back. He rolled over and struggled to one knee at eight. Referee Harry Krause continued the final two counts and the thing was over.

Liston's manager, Jack Nilon, and the Clay group of managers from Louisville, have been negotiating for a fight. A date of Sept. 30 at Philadelphia has been pinpointed for what doubtless will be a tremendous money attraction.

Liston has now won 28 straight fights and scored 25 knockouts in his 36 bouts. His only loss was back in 1954 in an eight-rounder when he lost a decision, and got a broken jaw, from an obscure man named Marty Marshall of Detroit.

Alabama Request Is Rejected

NEW ORLEANS (AP) — The Federal Appeals Court today rejected a requested rehearing of its order to the Birmingham, Ala., school board to start integration of public schools this September.

The board had asked for a rehearing before all nine judges of the U.S. 5th Circuit Court of Appeals.

Chief Judge Elbert Tuttle of Atlanta polled all of the circuit judges to determine whether a rehearing should be ordered.

Only one judge called for a rehearing before the entire court. The court also turned down requests today for temporary injunctions ordering immediate desegregation of public schools at Jackson and Biloxi, Miss., and in Leak County, Miss.

A 3-judge panel also declined to hold expedited hearings in the three cases.

The decision means that the Appeals Court will not consider the case until after its September term convenes.

In separate decisions, U.S. Dist. Judge Sidney Mize of Gulfport had ordered the three suits dismissed. Attorneys for the National Association for the Advancement of Colored People, who represent the Negro plaintiffs in each of the suits, had filed the appeal.

Legion Names Huntsville Man

EL DORADO, Ark. (AP)—Kelly O. Hill of Huntsville has been elected president of the Arkansas Department of the American Legion. Others elected were Nelson Trull of Jasper, vice commander for the Eastern Division and Claude Carpenter of Little Rock, national executive committeeman.

Elder Clay Is a Talker Too

LOUISVILLE, Ky. (AP)—Cassius Clay isn't the only one who is confident the lippy one will defeat heavyweight champion Sonny Liston. Clay's father, Cassius Sr., said Monday night he thought his son was being modest in predicting an eighth-round kayo of Liston.

The elder Clay said, "I predict the Liston-Clay fight will last six rounds."

Reds Declare Americans Too Nervous

MOSCOW (AP)—Russia's head track coach said today he never saw such a nervous bunch of American athletes as the U.S. team that competed here last weekend.

Gavril Korobkov, writing in the newspaper Pravda, told Russian sports fans:

"I first saw how nervous American track and field athletes get at the 17th Olympic Games. But what I saw July 20-21 in Moscow was worse than anything I saw in Rome."

"The calmness, poise and resolution of the majority of the U.S.S.R. team was a sharp contrast with the nervousness and unsureness ... of many of the American athletes."

Korobkov credited the Russians' superior performance to "the moral resolution" of the athletes and their "advanced system of training."

The youth newspaper Komsomolskaya Pravda celebrated the Soviets' 189-147 over-all team victory over the Americans in a front-page story.

It recalled that American Coach Payton Jordan was so confident of his team that he accepted the Russian challenge to judge the meet on the point totals of the men and women's teams.

Fight Fans Riot at Theater

Fourteen carloads of policemen converged on the theater and broke up the crowd. No arrests were made and no injuries reported.

Theater officials announced before the fight started that all seats had been sold and no standing room tickets would be offered. Some in the crowd had been waiting by the box office several hours.

Travs Finally Break Hex of Syracuse

SYRACUSE, N.Y. (AP)—Arkansas finally broke the Syracuse hex, nipping the Chiefs 9-7 in a wild International League baseball game Monday night in Syracuse.

In other league games, Richmond beat Buffalo 5-2, Rochester edged Jacksonville 3-1, Atlanta split with Toronto, winning the first game 1-0 and dropping the second 3-0, and Indianapolis beat Columbus 8-2.

The triumph broke Arkansas' losing streak to Syracuse at eight games and kept the Travelers just two percentage points out of second place in the league's Southern Division.

Arkansas and Atlanta are 2½ games behind Indianapolis in the division, but Atlanta has a two-percentage point edge on the Travelers.

Lee Elio singled a two-run homer in a six-run first inning for Arkansas and Al Kenders socked a circuit blast in the fourth frame to give starter Paul Brown an 8-1 lead. He couldn't keep it.

Dick Quenz and Harry Oliver succeeded Brown on the mound, but it was up to Billy Smith, the dependable Arkansas reliever, to quell the riotous Tribe. He did, and got credit for the victory.

The Chiefs left 13 base runners stranded while Arkansas got all but two of their runners home.

Negro Group to Spread Activities

STAR CITY, Ark. (AP) — The Student Non-Violent Coordinating Committee "SNCC" announced over the weekend that it would spread its activities into 13 Arkansas counties.

The movement has worked primarily in the Pine Bluff area, but after a meeting at Yorktown, near Star City, it decided to expand into these counties:

Ashley, Arkansas, Desha, Drew, Crittenden, Cross, Lincoln, Lee, Chicot, Monroe, Phillips, St. Francis and continue operations in Jefferson County.

U.S. Housing Aid

WEST MEMPHIS, Ark. (AP) — Mayor R. E. Elen of West Memphis has received a \$150,000 check from the federal Housing and Home Finance Agency to purchase land for a new municipal airport.

Rivaltz, Boston, 191, 92; Ford, New York 153, 70.

Strikeouts — Bonheur, Detroit, 121; Pizarro, Chicago, 111.
